

MEPRO MPO PRO-S

Closed Emitter Pistol Sight with RMSc Footprint

The Mepro MPO Pro-S is a dependable enclosed optic system designed to meet the requirements of military and law enforcement operations.

User-friendly buttons, along with a standard CR1632 battery offers 2.5 years of battery life, making it an obvious choice for EDC. It mounts easily to handguns with the RMSc footprint.

Built to withstand direct impacts and operates in the toughest conditions, the MPO Pro-S delivers superior accuracy and an outstanding field of view. It features a selectable three-segment reticle system (3 MOA dot, 33 MOA bullseye, and 33 MOA ring), allowing shooters to customize their interaction with the optic.

Equip your pistol with an optic that enhances your speed, elevates your accuracy, maintains your target focus and carry it with confidence.
